PROFESSIONAL EXPERIENCE

Community Health Worker

ConcertoCare — Los Angeles, CA
January 2024 – August 2025
Worked closely with physicians, nurses, and interdisciplinary care teams to support patients with complex medical and behavioral health needs. Regularly reviewed patient charts within the electronic medical record system to become familiar with patient treatment histories and care plans. Documented patient interactions and care updates in accordance with HIPAA and organizational requirements. Assisted patients with completing necessary healthcare forms and documentation and facilitated referrals to medical providers and community services. Maintained communication with care teams to ensure patients understood treatment plans and required follow-up care.

Mental Health Worker

Adventist Health Glendale — Glendale, CA
April 2015 – July 2020
Provided patient support in a hospital behavioral health setting while documenting patient observations and interactions in accordance with hospital policies and HIPAA standards. Worked alongside nurses and physicians to monitor patient progress and maintain accurate clinical documentation. Communicated with patients and family members regarding treatment instructions and hospital procedures while supporting the overall care process and ensuring documentation remained accurate and confidential.

Home Health Aide

Interim Healthcare — Akron, OH
May 2009 – November 2012
Provided in-home care to patients while documenting daily care activities and patient status for supervising healthcare professionals. Assisted patients with daily living needs. Communicated patient updates to care coordinators and ensured all documentation complied with agency policies and confidentiality requirements.

VOLUNTEER EXPERIENCE

Mandela Washington Fellowship – Program Support

Los Angeles, CA | Apr 2022 – Aug 2022

Assisted with scheduling, logistics, and coordination for international delegates representing more than 30 African countries participating in leadership programming.

Dominican Republic Medical Mission – Clinical Support Volunteer

Santo Domingo, DR | Aug 2022

Supported physicians during community health clinics by assisting with patient intake, vital signs, and public health education initiatives.
